

Windows 10 : Alle privacy schermen; wat Aan of Uit ?

Maak kennis met alle schermen van de afdeling Privacy in Windows 10
Beschikt U zelf over Windows 10, dan kunt U zelf bepalen
wat U wel of niet wenst te delen met de maker van Windows 10.
Heeft U nog geen Windows 10, dan kunt U rustig bekijken wat U
straks wel of niet wenst AAN of UIT te zetten in Windows 10.

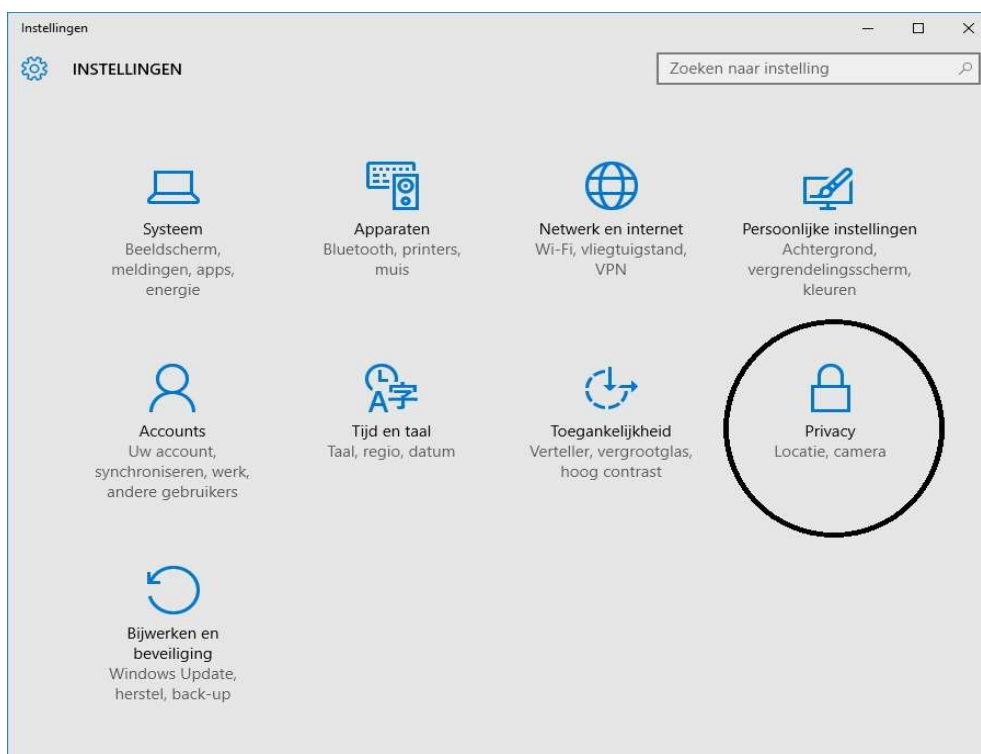

**LET OP: In de meeste onderstaande schermen staat alles op UIT geselecteerd.
Standaard staat bij Windows 10 vrijwel alles op AAN !!**

Zo komt U bij de Privacy-schermen in uw Windows 10 computer ...

Account-gegevens :

The screenshot shows the Windows 10 Privacy settings window. The left sidebar lists various privacy categories, with 'Accountgegevens' selected and highlighted in blue. The main content area is titled 'Accountgegevens' and contains the following text: 'Apps mogen mijn naam, afbeelding en andere accountgegevens gebruiken' with a toggle switch set to 'Uit'. Below this is a link for 'Privacyverklaring'. The next section is titled 'Kies de apps die toegang mogen hebben tot uw accountgegevens' and contains two paragraphs of explanatory text. At the bottom of the sidebar, other categories like 'Contactpersonen', 'Agenda', 'Berichten', 'Radio's', 'Overige apparaten', 'Feedback en diagnose', and 'Achtergrond-apps' are visible.

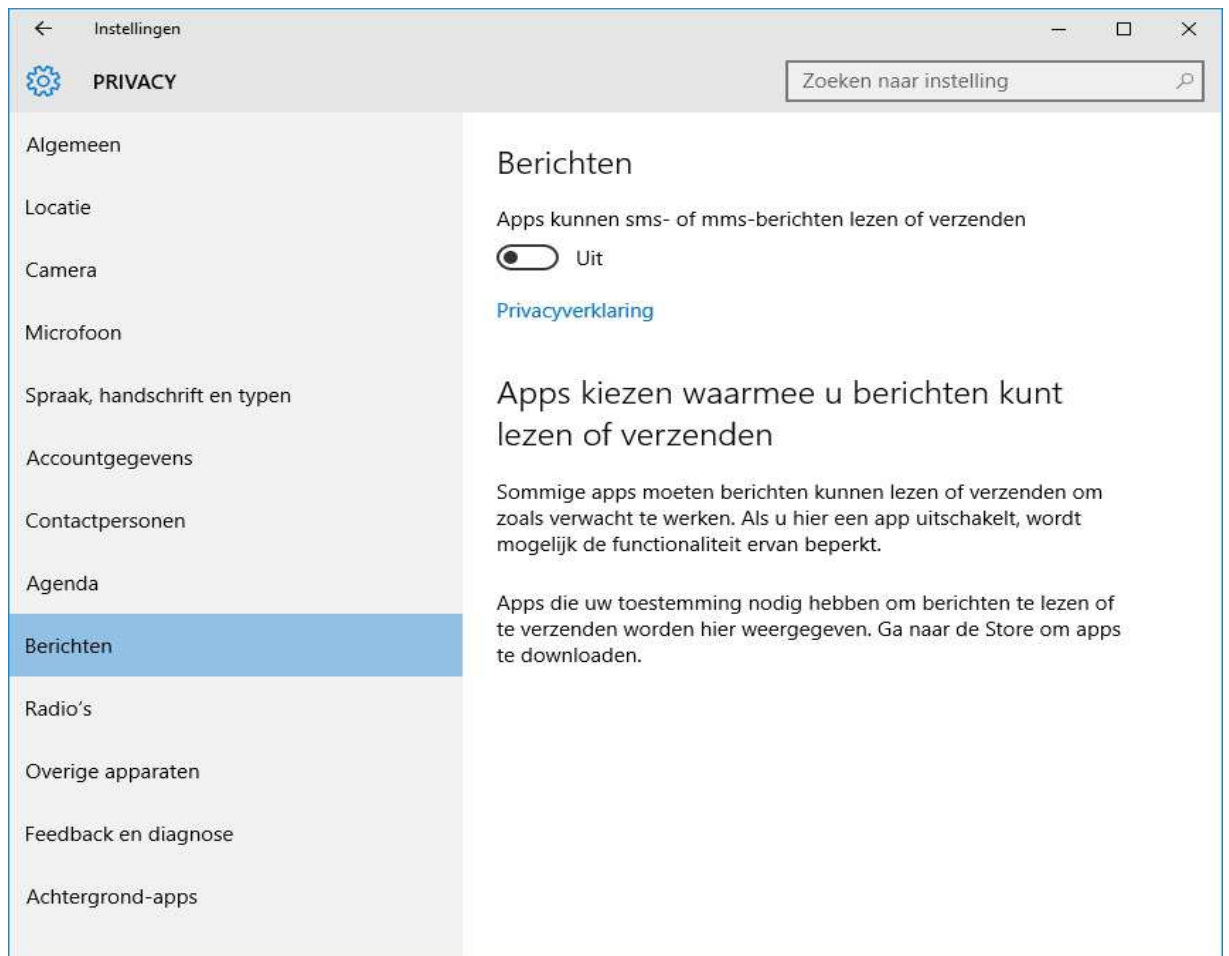

Contact- personen :

The screenshot shows the Windows 10 Privacy settings window for 'Contactpersonen'. The left sidebar has 'Contactpersonen' selected and highlighted in blue. The main content area is titled 'Contactpersonen' and includes a link for 'Privacyverklaring'. Below that, the section is titled 'Apps kiezen die toegang hebben tot de contactpersonen' and contains a paragraph of text. A list of three apps is shown with their respective toggle switches set to 'Aan': 'app-connector', 'Mail en Agenda', and 'Windows Shell-ervaring'. The bottom of the sidebar shows other categories like 'Algemeen', 'Locatie', 'Camera', 'Microfoon', 'Sprak, handschrift en typen', 'Accountgegevens', 'Agenda', 'Berichten', 'Radio's', 'Overige apparaten', 'Feedback en diagnose', and 'Achtergrond-apps'.
